ATTENTION ! ATTENTION !

ELECTORS !

The Notice on Page 2 is your Guide !
Read it very Carefully !

On reading this notice you will note that certain electors will be receiving as many as 10 ballot slips. In the past it has been noted that for reason of employment the majority of electors place their votes during the hours 5:00 to 8:00 P.M. In view of the number of ballot slips that will have to be handled by the poll clerks and the electors it is unavoidable that congestion will occur. To keep congestion to the minimum.

VOTE EARLY TOMORROW

ALL HOUSE-OWNERS, TAXPAYERS, are eligible to vote.

NO LIMIT ON LENGTH OF RESIDENCE !!

Oaths can be taken at the polling stations.

LAST MEETING OF PRESENT COUNCIL

Council Meeting, Monday, October 8

At this last meeting of the present council, there was barely the required quorum.

Town Employees Association There is a clause in the contract between the town and the Town Employees Assn., mentioning that a town employee must live in St. Albert within one year of the day he starts to work for the Town. Representatives of the employees suggested that this clause should be changed to read: "that a town employee should live in the town directly from the first day of his employment." Councillor DeBruijn said that a new clause in this contract would not be correct now as this had just been signed. Instead this matter should have been discussed when the contract was being drawn up. "It is also", he said, "not an oversight, because we even re-

duced the time from two years to one."

Council felt that a written opinion from the town solicitors and the board of public relations should be brought to Council for a definite decision in a change of this contract.

Permanent Road Council gave first reading to an \$11,000. by-law for building a permanent road and sidewalk to the Albert Lacombe School. Council felt that there should be some clarification as to who was responsible for this school being built 3 feet below street level, costing the town considerable more money for the construction of sidewalk and road.

St. Albert Development Ltd. Claim Council passed a resolution that the town will not act further in regards to this claim. The next step will be up to the solicitor for St. Albert Development Ltd.

ANGLICAN CHURCH NOTICES

Sunday, October 4th was observed as Harvest Festival by the St. Matthew's congregation. The place of worship was tastefully decorated, and a good congregation on hand for the event. Later in the afternoon the Young People's Confirmation Class met at the Vicarage, and arranged to hold their next meeting on Wednesday, Oct. 14 at 4:15. This lively group will be following a program of planned study dealing with church worship, other religions, the meaning of the sacraments, personal religion and Christian conduct. A further event of great importance on the same day was the unanimous approval given at a meeting of the vestry, to a proposal to purchase land for a church site. Plans were made to obtain sufficient land for the future erection of a church, parish hall, rectory and associated offices.

In keeping with the custom of Anglican Churches across the Dominion, Sunday, October 18th will be observed as Laymen's Sunday. The men of the parish will participate in the conduct of services. Speaker for the occasion at 11 a.m. is Mr. R. Russell, a former member of St. Phillip's parish, Edmonton. Following the services a first meeting of adults interested in confirmation and church membership is planned for 2:30 p.m. at the vicarage.

Dirty Furnace Filters will Rob Your Home of Heat this Winter!

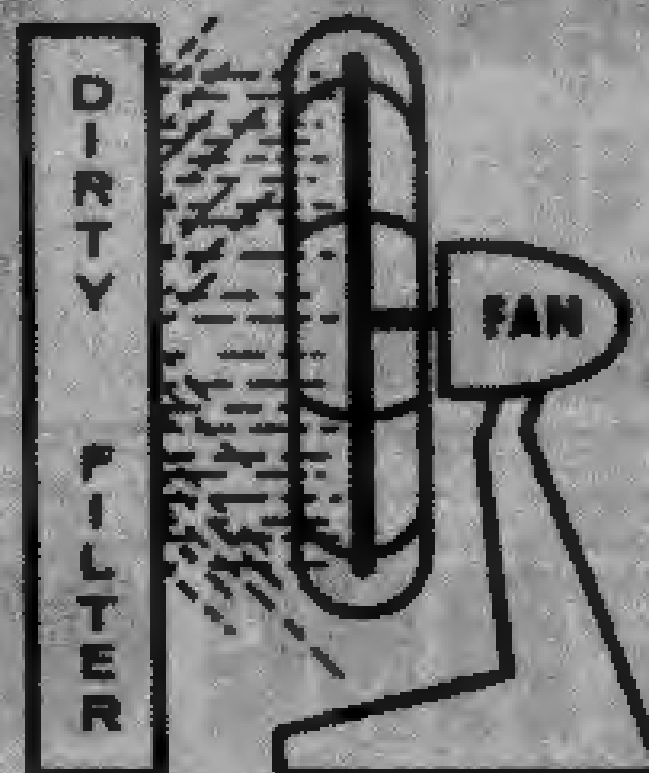

Replace or clean the air filters in your furnace now—for the heating season ahead! Plugged filters cause loss of heat and may cause expensive damage to your furnace.

THESE ILLUSTRATIONS SHOW THE IMPORTANCE OF KEEPING FILTERS CLEAN.

CLEAN FILTER

Clean furnace filters function correctly, allow the free passage of clean, warm air to heat your home. Your furnace works efficiently, you get the most from the natural gas you are burning.

DIRTY FILTER

Clogged furnace filters reduce the flow of warm air. The result: Loss of heat and possible over-heating of the furnace, which could cause serious damage, and entail expensive repairs.

HERE IS YOUR SEVEN-POINT HEATING SYSTEM CHECK LIST

- 1. MOST FILTERS** are of the disposable type. Remove them and you'll find that you can clean them by a good shaking; or use your vacuum cleaner. If they obviously need replacing you can obtain proper-sized filters at hardware or department stores or from your local heating contractor. Permanent-type filters (Metallic Filters) should be cleaned and re-oiled as required.
- 2. AT LEAST TWICE A YEAR** your furnace filters should be checked and cleaned. This can be a "do-it-yourself" project for the average homeowner. If you prefer, call your heating contractor, plumber or furnace serviceman and arrange for a complete heating system check over.
- 3. FURNACE MOTOR AND FAN** bearings should be lubricated to the manufacturer's instructions.
- 4. FURNACE VENTS** should be free of any blockage and checked for state of repair.
- 5. REGISTERS** should be cleaned of dust and foreign objects.
- 6. LOOSE-FITTING DOORS** and windows result in an overall loss of heat. Application of weather stripping will prevent this. But don't turn your house into a "sealed box". Some fresh air inlets are important to health and safety.
- 7. FURNITURE** should be placed so that hot or cold air registers are not obstructed.

be helped, but now that you do, what would you be willing to do for them? They're giving all they've got for nothing except the sheer joy of playing a game well. They've got a team, a head coach E. Bonneville, assistants Bob Lee and Mel Wakefield, defensive captain Ricki Lee, Danny Roberge replacing Peter Lee, quarterback offensive captain, injured in a game against Ross Shepherd High. They've got second hand equipment. All they need now is your support and funds. Their next game will be against Lac LaBiche. How about some fans?

Game, Sunday Oct. 11, 1 p.m.

St. Albert - Lac LaBiche score 44-8

A perfect day for football - a combination of ideal fall weather, good field and 48 healthy players. St. Albert played hard, mastered the ball, seemingly picking them out of the air. Versatility showed in many plays which were spectacular in effort, pace and speed. The defence showed no loop-holes, gave no ground. Lac LaBiche came well prepared, players and cheerleaders arriving by bus. However, the St. Albert team defence proved too much for them. In the first half Lac LaBiche made a converted touchdown made by P. Cootney. St. Albert retaliated by making two touchdowns in the remainder of the 1st quarter. Lac LaBiche made one more point - their last in the game. Hebert and Bedard each an unconverted touchdown to their credit. 1st quarter score 12-6. St. Albert receiving, Lac LaBiche threatened but were held, St. Albert defence and offence playing real football. Hebert got away for 2 majors, both unconverted. Lac LaBiche seemed to tire under our terrific defence.

3rd quarter - Lac LaBiche made a stand against our defence but gave way in the early stages. Neil John Ross scored for a touchdown - again no convert. St. Albert made a rouge for extra point before the end of the quarter.

4th quarter - Favourite quote, "Let's hustle." From this fan's point of view it's St. Albert's game. Another touchdown by Doug Ross and Hebert. Larry Powers came up with a convert adding one to the statistics. Lac LaBiche playing hard to make yards - no gains. St. Albert never stopped threatening. Game over! The losers congratulated the victors in a rousing cheer. The referees from Edmonton did a fine job and called a fair game. Comment from Coach E. Bonneville, "I am quite satisfied with the game the boys played. All played well and it is extremely difficult to pick out names. However, I must mention Denis Bedard, who with everything else, caught 5 passes out of 5. Denis is playing offensive end. Neil John Ross played extremely well, and Larry Powers, even though Lady Luck wouldn't smile for him." Mel Wakefield asks St. Albert for support, financially and morally. A game is scheduled at Lac LaBiche. Good luck.

FOR SINCERE REPRESENTATION

Election day is fast approaching and the voters will have to make their choice. Some will be wrong and some right. The most important issue I believe is that our town definitely needs SOUND ADMINISTRATION POLICIES. I believe if the voters cast their vote for the candidates who support this on their platform they will be doing a service for St. Albert. One other important requirement is that we must press for residential development of our town, commercial and industrial development will follow.

1. Sound administration policies is a must.
2. A recreation policy that will produce results and allow the Recreation Board to operate without interference.
3. To provide the children and adults of St. Albert with a swimming pool.
4. To encourage private developers to again become interested in St. Albert.
5. To represent the citizens of St. Albert in a democratic way and make myself available to the citizens as their representative.
6. To improve public relations.

(BOB) ROBERT H. PARKES FOR COUNCILLOR

On this eve of the election you good people of St. Albert have most likely made your selection of candidates and will be going to the polls to register your choice. But your responsibility does not end here. Your candidates are still going to require your continued support throughout their tenure of office. You can help and guide by letter, by phone and by personal approach. Your candidates are your mouthpieces in the running of the town's affairs; see that you keep them supplied with the material so necessary to the carrying out of the electorates' wishes.

Finally, good luck to the successful candidates and a fine future for St. Albert.

the C. Blair Scholarship.

During her High School years she was consistently on the Honour Roll for which she received her Academic Letter. She also obtained the Religious Awards for Grades 10, 11 and 12.

Upon her graduation, Josephine received the Five hundred dollar Alberta Hotelmen's Scholarship, the University of Alberta Honour Prize, the Queen Elizabeth Scholarship, the Lions' Club Scholarship, the Shell Oil Scholarship, the Group Scholarships in English-Social Studies and in Mathematics-Science, as well as the award for French 30.

Josephine did not restrict her activities to academic studies. She was active in the Students' Union, the Year Book and Our Lady of Good Counsel Club, and was always willing to assist in every activity sponsored by the school.

This fall she is enrolled in Pre-Medicine at the University of Alberta. She is assured of the best wishes of the Staff and Students of St. Albert High School in her future endeavors.

GRADUATE WINS HONOURS

Eleven years of enduring effort in school came to an outstanding culmination, when Josephine Wilson, daughter of Mr. & Mrs. John Wilson of St. Albert, graduated from St. Albert High School with the enviable average of 89.1%. She obtained this standing when she wrote

seven Departmental examinations in which her marks ranged from 82% to 92%.

This honour was not unusual, as Josephine has sustained a high average throughout her school career.

She completed Grade 9 at Vital Grandin School in St. Albert with First Class Honours, winning easily the W.I. Scholarship, the Lions' Club Scholarship and

NO, THIS HAS NOTHING TO DO WITH THE TOWN ELECTIONS

BUT

I feel it is just as important to the morale of our community which should be happy and healthy.

For this reason I urge you to read this column and give it your serious consideration.

There is no doubt that the majority of the people of St. Albert have heard or even taken part in some way in modern square dancing, but, just how many really know the true meaning of square dancing.

During the past fifteen years square dancing has undergone a dramatic change to what we dance today. In its present form square dancing is an art giving you relaxed and educational entertainment for the least possible money. No other form of dancing will provide such opportunity for friendship, exercise, and entertainment.

It has been many years since St. Albert has enjoyed the pleasures of square dancing. YOUR OPPORTUNITY IS HERE. Let us lead the way in St. Albert this coming Saturday night, October 17th, at 8:30 p.m. in the MISSION PARK SCHOOL GYM.

This is open house where everybody is welcome, beginners as well as experienced dancers. Necessary instructions will be provided.

The idea of open house is to have everybody present participate in some way and get the feel of square dancing. Only then can you decide whether square dancing is for you.

Remember SQUARE DANCERS are known to be the happiest people.

I am looking forward to seeing all of you Saturday night.

Syd Depierre.

Yvon Bouchard

Yvon Bouchard Named Manager Bank Of Montreal, St. Albert

Yvon Bouchard, formerly at the Bank of Montreal's divisional headquarters in Quebec City, has been appointed manager of the bank's St. Albert branch. He succeeds Eugene Roussel, who moves to the bank's head office in Montreal as an assistant superintendent. Born and educated in Montreal, Mr. Bouchard joined the B of M at a branch there, in 1952, and later served at a number of branches in that city and at Westmount and Joliette, Que. In 1959, he was ap-

pointed accountant at a branch in Montreal and, the following year, he became an instructor at the bank's staff training centre in Montreal. In 1962, he was named a credit officer at the head office and, in 1963, he moved to divisional headquarters in Quebec City in a similar capacity. Mr. Bouchard leaves that post to take up his new duties here. Mr. Roussel, the departing manager, has been in charge of the B of M here since 1963.

TOWN OF ST. ALBERT

BY-LAW NO. 52 / 64

WHEREAS the Council of the Town of St. Albert has not received the necessary approval of the Local Authorities Board upon By-Law No. 41/64, being a by-law to authorize the issuance of debentures in the sum of \$700,280.00 for the purpose of constructing an Indoor Swimming Pool,

AND WHEREAS, the Council of the Town of St. Albert has not received the necessary approval of the said Board upon By-Law No. 46/64, being a by-law to authorize the issuance of debentures in the sum of \$92,000.00 for the purpose of constructing a Water Reservoir;

AND WHEREAS the Council of the Town of St. Albert has not received the necessary approval of the said Board upon By-Law No. 45/64, being a by-law to authorize the issuance of debentures in the sum of \$15,000.00 for the purpose of constructing a Covered Ice Rink

AND WHEREAS, the Council of the Town of St. Albert deems it expedient to determine, by plebiscite, if the Proprietary Electors of the Town are in favour of the construction of

- (1) an Indoor Swimming Pool,
- (2) a Water Reservoir,
- (3) a Covered Ice Rink,

NOW THEREFORE by virtue of the power conferred upon it by section 345 (b) of the Town and Village Act, R.S.A. 1955, as amended, the Council of the Town of St. Albert, duly assembled this 5th day of October, 1964, hereby enacts as follows

THAT a vote of the Proprietary Electors of the Town of St. Albert be taken on the 14th day of October, 1964, to determine if they are in favour of the construction of

- (1) an Indoor Swimming Pool
- (2) a Water Reservoir
- (3) a Covered Ice Rink,

PASSED in Council this 5th day of October, A.D. 1964.

W. Venema,
Mayor

James R. Ger
Secretary-Treasurer

I Barbara Williams, Returning Officer for the Town of St. Albert do hereby certify

1. That the foregoing is a synopsis of By-Law No. 52/64 which has been introduced and passed in Council and will be submitted to a vote of the Proprietary Electors.

2. That the vote of the Proprietary Electors on the by-law will be taken on Wednesday, the 14th day of October 1964, at the following places:-

An Open Letter

to the Electors of St. Albert

Like most of you reading this I am a comparative newcomer to St. Albert. The only real estate I own is the house in which we live, on Grosvenor Blvd., therefore I would not stand to gain financially should the further development of St. Albert take place in any specific area. We should develop in the most practical areas so that we may quickly and economically attain our population goal which is roughly $3\frac{1}{2}$ times our present population.

Many people in our town have suggested to me that one stumbling block in our progress has been due in part to the nonsensical bickering between some religious groups. Although I am a member of a church in St. Albert, I do not seek only the support of those of any one particular church but rather the unbiased support from all, in return for which I am prepared to give unbiased representation for the common good of this community.

My years of travel in eight provinces plus the business management, sales, public relations and public speaking training and experience I have had, I believe, qualify me for the position I seek.

This candidate will make no election promises but there are things I feel are important and needed in St. Albert. I will not promise to build a swimming pool, but if elected would work towards a definite recreational program with a full time qualified recreational director which would result in a recreational complex which would include a swimming pool.

People who are planting a new lawn should receive a break in their water charges. I would introduce a motion that the present minimum charge be the maximum charge in such cases. (My lawn is planted)

The most practical way to effect tax relief is to attract industry and business. We have areas which have already been zoned for light industry and the first step taken to attract industry and new business should be to engage an Industrial Commissioner (if our mayor is to be paid \$6,000. per year, perhaps he could assume these duties as well.)

I have the time to devote to town council and I believe the ability and certainly the desire.

Yours truly,

D.R. (Don) Barry

LONDON DOUBLE DECKER BUS

LONDON DOUBLE DECKER BUS AT WESTMOUNT

An official welcome to Britain's touring double decker bus, when it arrives in the city next Friday for a two day visit will be given at Westmount Shoppers Park. The "Come to Britain" bus will call first at Edmonton City Hall at about 2:45 p.m. and take the Mayor and a party of civic guests on board the upper deck. The bus

will then proceed to Westmount Shoppers Park where the Mayor will accept a message of greetings from the tour leader, Mr. Lewis Roberts, of the British Travel Association at approximately 3:15 pm. After the civic ceremony, the bus will be open to the public until 5:30 p.m. and all day Saturday from 9 a.m. to 6 p.m. (October 16 & 17)

POLITICAL RALLY

About 350 electors attended the 1964 Town Political Rally which was guided by the able chairman, Bill Penrose. The Chamber ruled that the mayoralty candidates could talk 15 minutes and the council candidates 8 minutes each. At the question period which followed only written questions were allowed. First speaker was Mayor Wm. Veness who stressed that he is in favour of bringing the control of town affairs back to the people by changing the form of government to the Mayor-Council system. He urged strongly the promotion of industrial development and was also very much in favour of a swimming pool. He pointed out to the people that the town needs the fire equipment and the development of parkland money by-laws.

Gordon Parkes main issue in this election was to keep the Council-Manager form of government, improvement of relations between council and the public, and supporting the swimming pool and a full recreation programme.

Dick McGee was strongly in favour of a major recreation area, also future residential development of the town to a population of 30,000, which is the most economical for our water and sewer system.

Malcolm "Mac" Kirk was in favour of Mayor-Council system, commercial industrial development and strict budget control.

George Willis was in favour of sound

administration under Council-Manager system. He said that he doesn't like the "for sale" signs in St. Albert at the moment, and the town is not sick but only needs a little push.

Marion Sim was for the Council-Manager type of government, for good recreation facilities and for more contact between council and citizens. She is also in favour of private enterprise.

Chris Gates, running as an independent candidate, is in favour of the Council-Manager system. He stressed very strongly the need in our town for recreational park facilities. He asked the electors to vote for the parks money by-law.

Donald Barry made no promises. He believes in reasonable and intelligent people and said, "I don't belong to any group in this town, therefore I will give unbiased support on town council."

Bob Parkes called St. Albert a nice town with nice people. He said we can reduce the mill rate by having more industry. "We must sell our town to the industrial companies."

John Bakker "I have some professional background and believe that town employees should always receive their orders from the same man. Therefore I am in favour of the Council-Manager system." He supported the swimming pool and the garbage paker money by-laws.

Dick Kehling stressed strongly industrial development and the Mayor-Council system

ST. ALBERT HIGH SCHOOL

ST. ALBERT HIGH SCHOOL GRADUATION

The Annual Graduation exercises of St. Albert High School were held on October 9th, when nineteen students were honored. The Graduates and their 85 guests attended a banquet at the Bonaventure Hotel, then proceeded to the High School Auditorium where over 350 friends awaited them for the formal ceremonies.

Led by the Principal, Mr. Wm. Soprovich, the Graduates and the platform guests entered the beautifully decorated Hall to the Processional March played by Paulette Bedard.

After the singing of O Canada and the introductions, Mr. Soprovich congratulated the Graduates on behalf of himself and the Staff, then called upon Dale Cassidy who voiced the appreciation of his classmates for the efforts of the School Board in providing such worthwhile facilities for pleasant and successful school life.

Dilys Cassidy's piano solo, "Valses Poeticoes", showed great musical ability and provided an enjoyable interlude.

Councillor Dr. W. Skrobot extended greetings from the Town and assured the Grad-

uates that their progress would be watched with interest and understanding.

The parents, whose sacrifices and affection has been the bulwark for their children, were thanked publicly by Carol Senuk.

Mr. L. G. Hall, the High School Inspector, encouraged the Graduates to continue to learn so as to take their places in the world as outstanding citizens. He urged them to devote part of their lives to the needs of society, to share with others the social benefits which they have been privileged to receive.

Robert Cooke thanked the teachers for the ever-ready sympathetic understanding and assistance given so generously whenever it was required. He said the memory of their school days and their associations would always bring a feeling of nostalgia in the years to come.

Mr. V.J. Maloney, the Superintendent of St. Albert Public Schools spoke feelingly in his congratulations to the Graduates, most of whom he had seen progress through their entire school life.

A diversion came when Mr. Soprovich, assisted by Jeanne Houle, President of the Students' Union and Mr. Kalita, Vice Principal, presented Scrolls and Gifts to each Graduate.

Lois Bird very ably gave the Class History.

The Highlight of the Program was the address by Dr. Kratzman, Executive Assistant of the Alberta School Trustees Association. He said that Graduation was not merely the culmination of academic studies, but a complete step from one level of life to the next. He developed his theme by stressing the personal standards each should apply to himself: his Civic quotient, the resolve to take an active part in Community life, to take a stand in world affairs and to stand firmly by his convictions; his social quotient having a genuine respect for all people in society regardless of their abilities; his moral quotient, consisting of honesty, dependability and trustworthiness; his religious quotient, to follow the ideals of piety, honesty and tolerance which are the trademarks of a great man. He offered the Graduates best wishes from himself and from the organization he represents.

The traditional Graduation song, "The End of the Road", was sung by the High School Chorus, and gave the Graduates their "send-off" from the school. Representatives of several organizations were privileged to add their good wishes to the many expressed, when the presentation of awards was made.

Josephine Wilson, the Valedictorian thought that some students considered school as unimportant, but this did not apply to the Graduates who realized the value of a sound education. She said it was with a deep feeling of responsibility that they faced the future with its trial and triumphs. Most of the Graduates are pursuing further studies at the University of Alberta, at Nursing Schools and at the Institute of Technology; some have entered the business world; others are employed at various occupations. All, she said, would never forget their High School days, and would always cherish the memory of their years together.

The singing of "God Save the Queen", followed by the Recessional March brought the formalities to a close.

The remainder of the evening was spent in dancing to the music of the Comboettes. At midnight, the members of the Students' Union served a delicious lunch

PARKS BY-LAW 44/64

A message to the Electorate of the Town of St. Albert from the St. Albert Recreation Board.

In establishing sports recreation, or any other facet of recreation, one must take into consideration the basic needs of facilitating a programme.

The Recreation Board, after many hours of deliberation, are of the opinion that our specific needs at this time are to assure our people of adequate playing fields to participate in Summer and Winter outdoor recreation. Their plans call for the participation of the Public and Separate School Boards for joint use of School-Park lands. These parklands require landscaping and conditioning to the point where they may be used by the different sports groups of the Town. These fields have been designed to meet the needs of school daytime play and after school hours recreation. The facilities which will be built into these playing fields are: baseball diamonds; soccer fields; quarter-mile tracks; basketball courts; football fields, volleyball courts; horse shoe pitches; croquet

courts; social skating rinks; field hockey; a ski run and a toboggan run. (Further details may be seen in blueprint form at the office of the Superintendent of Parks.)

The funds required to propagate this work are being requested in the plebiscite By-law #44/64. They would ask you, the ratepayer, to carefully consider and then adopt this by-law by casting your vote of approval and in so doing, assure you and your children this basic adequate facility for their playing fields.

Yours very truly,

Secretary,

St. Albert Recreation Board.

(Editor's Note: It will be quite impossible for the Recreation Board to operate properly if we, the electors, will not help them to get the tools they require. The money by-law #44-64 needs the support of all of us who want our children to live in a community where they will have an opportunity to make good use of their leisure time in outdoor activities. We sincerely hope that the Recreation Board will get your support that they deserve for the parks by-law.)

It is difficult to see why the questions were raised at this particular time, when these matters had been dealt with by the Council recently.

The answers to the questions are quite simple and are a matter of record at the Town Hall for anyone to see if interested.

I would have liked to answer these questions at the Community Hall last Friday, however the opportunity was not afforded to me by reason of the Chamber of Commerce rules governing the meeting.

You will appreciate that to give written replies to the question in this paper is impracticable. I am prepared at any time to answer these questions verbally to anyone interested enough to phone me or to come and see me personally or at any coffee party which I attend.

Yours truly,
Gordon Parkes.
